

YOUR FIRST LINE OF DEFENSE

EXPLORER I™

Industrial Safety Helmet

Introducing Safetyware Explorer I™ Industrial Safety Helmet, setting the standard in safety and comfort. Fully compliant with SIRIM & DOSH standards and EN397:2012+A1:2012, our helmet undergoes rigorous testing, passing shock absorption, penetration, flammability, and chin strap retention assessments. Crafted from impact-resistant ABS material, it boasts lightweight, scratch-resistant, and UV-resistant properties.

Enjoy peace of mind with a 3-months manufacturing warranty from the date of purchase. The 8-points polyester crown strap suspension system ensures a secure fit, while the soft touch brow-pad enhances comfort and moisture-wicking. The easy-to-use SlideLock System, made of durable polyethylene, guarantees a secure hold even in vigorous movements.

Designed with versatility, our suspension slot accommodates most earmuffs, and the optional reflective label ensures visibility in low light conditions. Safetyware Explorer I: where protection meets aesthetics, ensuring your safety with every wear.

Made In Malaysia

SIRIM
BS EN397:2012+A1:2012
PC013142

SIRIM-DOSH Approved

Colors Available:

Model Type:

- **Vented:** Reduce fogging, heat buildup, risk of overheating and sweat accumulation. Less smelly and easy to clean.
- **Non-Vented:** Better protection, Noise Reduction, Less Dust and Debris, Aerodynamics.
